

2021 HYBRID EVENT STANAG 6001 TESTING WORKSHOP

The impact of innovation
and current digital technologies
on STANAG 6001 testing

7-9 September 2021

Hosted by PLTC

Bureau for International Language Co-ordination
www.natobilc.org

Panel of Experts Q&A

Questions for Anna Guncheva

1. How is the security of your tests assured? Could you tell us which system and platform you use (is it a commercial product or in-house)?
2. You mentioned you have 200 items. Does this number apply to each level? How often do you update your items?

Questions for Gerard Seinhorst

1. It seems that the respondents have rather unrealistic expectations about the time needed to administer a full test battery. How do you deal with these expectations?
2. Can the questionnaire be made available to the BILC testing community?

Questions for Marju Lurtis

1. The analysis of the ratings of the 1st interview shows the greatest divergence among raters. What could be the underlying reasons? What would be possible ways/methods to look into it?
2. Many nations would appreciate it if you could explain the steps you took to conduct your analysis. Would you be willing to conduct a workshop for us?
